A typical Pilgrims day

Have breakfast in the common room with fellow teachers, followed by the start of your course program.

During your break, we offer a packed lunch, to get you ready for afternoon classes.

At the end of the day, you will be free to participate in weekly activities, or explore the city!

Enjoy the city

Segovia is a beautifully cultural city, a World Heritage site. In June and July, a festival will also liven up the streets: come for the sights, and the atmosphere!
